We dedicate this year's Town Report to:

JOSEPH L. PORTER

He was born in South Berwick, Maine; September 16, 1904 and has been a resident here in Rollinsford since 1914. He worked in grocery stores until he started one of his own here, with his wife. He retired in 1974.

In 1935 he became the Tax Collector and was appointed to that position for 20 years.

For 17 years he was a member of the Budget Committee, and 10 years as Town Treasurer. In 1969 he became Treasurer of the Sewer Department and continued in that position until 1981.

He is now a Trustee of the Trust Fund, Trustee of Public Cemeteries, present member of Surveyors of Wood and Lumber, and a 50 year member of Roberts Grange here in Rollinsford.

In 1935 he married Marion Wentworth. She was a descendant of Icabod Rollins, for whom Rollinsford was named.

Mr. and Mrs. Porter have two daughters — Nancy Brown who now resides in Wheaton, Maryland and Joanne Anderson of Rollinsford. He is also a grandfather of six grandchildren.

Mr. Porter says, "I have always served in the best interest of the Town and shall continue to do so to the best of my ability."

SELECTMEN'S REPORT

The "building boom" rolled into Rollinsford during 1986. The Board of Selectmen issued a total of 127 building permits. 47 of them were approved for new single family homes, 2 apartments and one 3 unit condo. This represents nearly a threefold increase over the 19 housing permits in 1985. The assessed value of these new units with lots will be approximately \$4 million dollars when completed, and will generate about \$100,000 additional tax revenues. However, if there are .75 children per unit the additional cost of schooling will average more than \$110,000 alone. It remains to be seen in the coming years what effect these new units will have on the tax rate in our town of Rollinsford.

There is a great probability that the rate of new construction will be even higher in 1987. We are already beginning to process building applications for the Stockdale Subdivision on Main Street. Two (2) other subdivisions are also in the preliminary stages of application with the Planning Board. For this reason, the Selectmen have requested the establishment of a part-time Code Enforcement Officer to assist with the administration and inspection of new subdivision and houses. Funding for the position will be derived from the building permit fees (if Article 9 of the Warrant is approved,) and subdivision fees which the Planning Board has increased threefold.

The Highway Department's facilities were improved significantly during 1986 including a new chainlink fence around the Town Shed lot, a new salt shed, and a new door on the west side of the Town Shed. The new door has reduced heat loss considerably.

On January 1, 1987, the Public Service Company of New Hampshire increased its street light tariff by 20%. In an effort to control the expected future street light cost increases, the Board of Selectmen asked Charles E. Morton of the Public Service Company how much it would cost the Town to replace the existing street lights with more efficient high pressure sodium lights. The current M.L. tariff rate for the 180 street lights is \$23,904. This includes a fee for street light rental and electricity used.

Public Service has proposed that the Town buy its own high pressure sodium street lights to replace the existing incandescent lights that are leased. Public Service will replace 180 lights at a capital cost of \$30,800. With the Town owned high pressure sodium lights, the annual tariff for the 180 lights would be about \$13,000 or a savings of over \$10,000 per year. Thus, we can pay, for the lights in just over 3 years with the savings of electrical fees. Article XIX in the Town Warrant proposes the expenditure of \$32,000 to replace the 180 lights and purchase an additional 12 lights. If we bond the \$32,000 for four (4) years, all principal and interest savings can be paid with savings on street lights.

During the summer the Selectmen and Budget Committee were busy with hearings and two (2) Special Town Meetings that were held to secure approval for the purchase of 14.5 acres of land between the Salmon Falls River and Foundry St. The purchase and bonding of the land received final approval at a Special Town Meeting on September 13, 1986. The Selectmen also received authorization to sell about 2/3 of an acre of the sewer plant property to the Damart Corporation for use as a parking lot.

Waste disposal also became a big headache for Town Officials during the summer and fall of 1985. The Selectmen ordered the Lamprey Regional Corporation to stop dumping ash in Rollinsford in August after the Town had accepted an equivalent of 20+ years of its ash share.

In December the State Solid Waste Officials order Lamprey to begin dumping ash in Rollinsford again, starting during the first week of January, 1987. Lamprey was reluctant to compensate Rollinsford and take responsibility for future liability for problems associated with the ash. The Selectmen appealed the State order pending an agreement with Lamprey, a compensation and liability. It appears that the ash will only be stored in Rollinsford until Lamprey has secured a permanent ash dump. Then the ash will be removed from Rollinsford. If the ash remains in Rollinsford, the agreement calls for Lamprey to pay all cost of permanent covering and closure of the ash site. In addition, Lamprey would pay \$4.00 per ton for ash left in Rollinsford. On January 1, 1986, there was about 15,400 tons of ash at the Rollinsford landfill site. About 300 tons are being delivered each week.

The Police Department has requested one new patrolman's position this year. The Supreme Court ruling in the Garcia case requires that the Town pay overtime to police officers who work more than 40 hours per week. The overtime problem in conjunction with growth in the area has put a strain on the police work schedule and the budget.

Article 15 in the Warrant addresses the issue of fire equipment. While the Fire Department requested a \$125,000 appropriation this year for a new 1,000 gallon pumper, the Selectmen and Budget Committee have recommended that \$25,000 be placed in the Equipment Fund this year and that authorization for a new fire truck be delayed one year.

The overall increase in the Town Budget will increase the tax rate by about 1.00.

The School Budget represents nearly a \$3.00 increase and the county tax rate is expected to increase about \$1.30. Therefore, the overall increase in the tax rate would exceed \$5.00, if the assessed property value remained the same. Even with the increased property values, the increase in the overall tax rate will probably be between \$3.50 and \$4.50 in 1987. Unfortunately, the major proportion of this increase will come from increase in county and school budget over which we have little or no control.

We again sincerely thank the members of Rollinsford's Planning Board and Zoning Board of Adjustment. 1986 and 1985 have kept these two Boards very busy, and it looks like another two or three years will keep them even busier. Rollinsford is growing!

Thank you also to Gerald Boothby who has been our Town Treasurer (and a good one) for 5 years. We've enjoyed Gerry and we were disappointed when we were told he had to leave Rollinsford.

HYDROELECTRIC REPORT

The Town of Rollinsford received \$65,909.90 for its share of the revenue from 5,707,800 KWH of electricity produced by the Hydroelectric Power Plant from November 1985 to October 1986. In accordance with Article 16 approved by votes at the 1986 Town Meeting, \$50,000 was placed in the general fund and used as offset against town budget expenditures. (That reduced the tax rate \$1.00) The remaining \$15,909.90 was placed in the New Hydroelectric Fund which was authorized by Article 15 at the 1986 Town Meeting. Article XII in the 1987 Town Meeting Warrant requests authority to remove \$15,000 from the Hydroelectric Reserve Fund to help reduce 1987 taxes.

The production during the 12 month calendar year of 1986 totaled 6,095,600 KWH, varying from a low of 226,800 KWH in August to a high of 795,200 KWH in December. The monthly distribution of production at the Hydroelectric Plant for the last three years is shown in the bar graph that follows. Production during 1986 exceeded production in 1985 for all months except March and September. The 1986 production reflects a return to more normal rainfall pattern after the very dry weather of 1985.

During the Spring and Summer of 1986, the Selectmen were in negotiations with the Federal Energy Regulatory Commission (FERC) in Washington, D.C., and the SEAWARD Company to amend the Town's long-term lease for operation of the hydroplant. The Federal Energy Regulatory Commission required a change in the wording of the lease to make it "crystal clear" that Rollinsford retained control of the site even though it was leased to the Seaward Company. An amended lease that satisfied FERC's lawyers was signed in late summer. Then, the Seaward Company sold its interest in the facility to Consolidated Hydro, Inc., Two Greenwich Plaza, Greenwich, Connecticut. All lease provisions Rollinsford had with the Seaward Company now apply to Consolidated Hydro, Inc.

HYDROPLANT ELECTRICITY PRODUCTION

ROLLINSFORD KWH PER MONTH 1984, 1985, 1986

**WARRANT FOR ROLLINSFORD TOWN MEETING
STATE OF NEW HAMPSHIRE
STRAFFORD, SS**

Tuesday, March 10, 1987

**TO THE INHABITANTS OF THE TOWN OF ROLLINSFORD,
COUNTY OF STRAFFORD, STATE OF NEW HAMPSHIRE,
QUALIFIED TO VOTE IN TOWN AFFAIRS.**

You are hereby notified that the polls will be open from 10 A.M. to 6 P.M. at the Rollinsford Town Hall, on Tuesday, March 10, 1987, to bring in your ballots for the Town Officers to be elected in Article I; to hear the results of the referendum articles voted on during the day; and to meet at the Rollinsford Grade School at 7:30 P.M. on the same day to act on the budget and other articles in the Warrant.

ARTICLE I

To bring in your ballots for:

- One (1) Selectman and Overseer of the Poor for three (3) years,
- Town Clerk for one (1) year,
- Town Treasurer for one (1) year,
- Chief of the Fire Department for one (1) year,
- Three (3) members of the Budget Committee for three (3) years,
- One (1) member of the Budget Committee for two (2) years,
- One (1) member of the Budget Committee for one (1) year,
- One (1) Trustee of Trust Funds for three (3) years,
- One (1) Trustee of Library Trust Fund for three (3) years.

Articles 2 thru 9 are changes to the Zoning Ordinance to be voted on by ballot at the Town Hall between 10 A.M. and 6 P.M.

ARTICLE II

Are you in favor of the adoption of Amendment No. 1 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Definition' section of the Ordinance with the addition of three new terms: "private airport", "wetland", and "steep slope", and the revision to the terms "mobile home" and "sectional homes". These terms are included or modified to support specific use regulations currently included in the Ordinance or being proposed elsewhere in these warrant articles.

ARTICLE III

Are you in favor of the adoption of Amendment No. 2 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Zoning Districts' section of the Ordinance for the addition of a newly proposed "Wetland Conservation District", identified as an overlay district, and designed for managing development activity in wetland areas of Rollinsford. This new overlay district will complete the recommended water resource protection (wells, aquifers, and now wetlands) highly urged for all communities in New Hampshire.

ARTICLE IV

Are you in favor of the adoption of Amendment No. 3 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Use Regulations' section of the Ordinance for the addition of specific regulations governing uses within the proposed "Wetland Conservation District". Also, modifications to the residential portion of the Table of Uses are included to append new special provisions reference for residential development within the Industrial Zone, so as to maximize the preservation of this part of Rollinsford for commercial and industrial uses. An entry for "home occupation" is also added so that this use may be recognized as permitted in Rollinsford, subject to special provisions control.

ARTICLE V

Are you in favor of the adoption of Amendment No. 4 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Land Space Requirements Table' section of the Ordinance for the addition of footnote references (10 and 11) to the Table, and for the addition of the footnote statements. The first footnote specifies the exclusion of wetland areas and steep slopes in the calculation of minimum lot sizes, and the second restricts the building of structures within the 100 feet of the Salmon Falls River and within 50 feet of other active streams in Rollinsford.

ARTICLE VI

Are you in favor of the adoption of Amendment No. 5 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Special Provisions' section of the Ordinance for more clearly detailing the rules guiding the development of land under "open space" or "cluster" building concepts.

ARTICLE VII

Are you in favor of the adoption of Amendment No. 6 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Special Provisions' section of the Ordinance for the addition of rules governing "home occupation" uses within residential areas of Rollinsford.

ARTICLE VIII

Are you in favor of the adoption of Amendment No. 7 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Special Provisions' section of the Ordinance for the addition of a provision limiting residential development within the Industrial Zone to lots fronting on Somersworth Road, Rollins Road, Pease Lane, and a portion of Old Indigo Road (not currently closed to gates and bars).

ARTICLE IX

Are you in favor of the adoption of Amendment No. 8 to the Town Zoning Ordinance, as proposed by the Planning Board?

This amendment modifies the 'Enforcement' section of the Ordinance for the purposes of updating the fee structure associated with the issuance of Building and Occupancy permits.

ARTICLE X

To choose all other necessary Town Officers for the ensuing year.

ARTICLE XI

To see if the Town will vote to authorize withdrawal from the Revenue Sharing Fund established under the provision of the State and Local Assistance Act of 1972, for use as set off against budget appropriations in the amount indicated, and to further authorize Selectmen to make pro-rata reduction in the amounts if estimated entitlements are reduced or take any other

action thereof.

APPROPRIATIONS

Police Department

Highway Department

Fire Department

ESTIMATED AMOUNTS

\$2,300

\$2,000

\$2,000

\$6,300

ARTICLE XII

To see if the Town will vote to authorize the withdrawal of \$15,000 from the Hydro-Reserve Fund, to use as set off against budget appropriation.

ARTICLE XIII

To see if the Town will appropriate a sum equal to all revenues in excess of \$50,000 that may be received from the hydroelectric plant to be placed in the Town's Hydroelectric Fund. (The first \$50,000 or any lesser amount that may be received will be used as offset against town budget expenditures).

ARTICLE XIV

To see if the Town will appropriate the sum of \$10,000 for the Town Land Trust Fund.

ARTICLE XV

To see if the Town will appropriate the sum of \$25,000 for the Town Equipment Fund to be reserved for the future purchase of a 1000 gallon pumper for the Fire Department. (\$50,000 already in the Fund will also be reserved for future purchase of the pumper. If approved, an article will be in the 1988 Town Warrant to purchase the truck.)

ARTICLE XVI

To see if the Town will appropriate the sum of \$23,000 for phase 7 of the road resurfacing program.

ARTICLE XVII

To see if the Town will appropriate \$2,600 to purchase a road sander for the Highway Department.

ARTICLE XVIII

To see if the Town will appropriate the sum of \$32,000 to purchase new street lights.

ARTICLE XIX

To see if the Town will vote to accept the budget as submitted by the Budget Committee.

ARTICLE XX

To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE XXI

To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's deeds.

ARTICLE XXII

To see if the Town will vote to borrow the sum of \$32,000 to finance the purchase of new street lights. A four (4) year note would be secured to be repaid in four (4) equal annual payments.

ARTICLE XXIII

To see if the Town will vote to authorize the Selectmen to accept Heritage Road and Moses Carr Road in Roberts Farm Subdivision after the Planning Board certifies that these roads have been built and completed to meet subdivision standards.

ARTICLE XXIV

To see if the Town will vote to amend its vote of 1985 so that a building permit may be issued to the owner of lot No. 6, without requiring further improvement to a Woodland Drive.

ARTICLE XXV

To see if the Town will vote to petition the U.S. Postal Service to change the Rural Free Delivery on RFD 1 from the Dover Post Office to the Rollinsford Post Office.

ARTICLE XXVI

To see if the Town will authorize the Selectmen to apply for, accept, and expend a grant for up to 10% of the cost of new street lights as authorized and approved by the Governor's N.H. Energy Office Special Street Light Program.

ARTICLE XXVII

To see if the Town will authorize the Selectmen to apply for, accept, and spend any Federal State Planning Grants for which the Town may be eligible.

ARTICLE XXVIII

To transact any other business that may legally come before this meeting.

Given under our hands and seal this 10th day of February, 1987.

TOWN OF ROLLINSFORD POLICE DEPARTMENT REPORT 1986

The year 1986 has brought many changes to the Rollinsford Police Department. Although there has been some change in personnel, the Department has carried on at a level of activity, that surpasses the 1985 levels by 25%. Coupled with this rise in general activity is court activity. Prior to this year there has not been an effective way to record and report this activity, with the assistance of Sergeant Pantanella a system is now in effect. Officer Ducharme's implementation of the Juvenile Diversion Program has been very effective. The committee has handled nearly 100 cases, returned \$1500.00 in restitution to victims and a very large amount of community service to the Town. The Department would like to thank the members of the Juvenile Diversion Committee, who have volunteered their time and effort to make this program effective.

The Rollinsford Police Benevolent Association donated several items to the Department, over the course of 1986, including the light bar on the 1986 Cruiser, a TV set to use with the VCR that the Town purchased and 2 electronic typewriters. In addition they have donated several thousand dollars to various youth activities in the area. In the last three years the Association has donated some \$13,000 to all sorts of youth activity.

The Somersworth District Court has established for the year 1987, a second court date for Rollinsford, to deal with the increasing activity that the Department is generating. However, this will only remain until the backlog that currently exists is cleared up, with a backlog of nearly 300 cases, which creates an overtime problem due to the "Gracia Decision". This problem should be changed in 1987, with the addition of another patrolman.

Listed below is an abstract of the Departmental Activity for 1986.

1986 ROLLINSFORD PLANNING BOARD REPORT

Planning Board activity during 1986 has been the busiest experienced to date. At least eighteen (18) public meetings were held to consider the varied issues affecting land development proposals that included thirteen (13) subdivisions, and eight (8) site review actions, either processed or initiated.

Subdivision activity against ten (10) original lots has resulted in the creation of sixty-three (63) new lots and the modification to six (6) others. Site reviews were held in response to Special Exception requests (3), and apartment development proposals that resulted in the approval for six (6) new units.

Zoning Ordinance revisions were finalized and presented at public hearing in early 1986. These were adopted by the vote of the community in March. Additional change proposals to the Zoning Ordinance and Subdivision Regulations are being developed in preparation for public hearing and town vote consideration in March 1987.

Board changes during 1986 include the re-appointment of Armand Laliberte for a third term on the Board; also, three additional appointments were made to fill the vacancies resulting from the resignations of Robert Smith, Tom Mansfield, and Karen Weston. These positions were filled respectively by Dave Safford, Richard Bradbury, and Marc Couture. The Board and community expresses its sincere thanks for the dedicated service given by the departed members.

Respectfully submitted,
Armand R. Laliberte, Chairman
Rollinsford Planning Board

The meeting was called to order at 7:30 p.m. on March 25, 1985. Moderator, Clement Michaud, read the warrant.

1. To choose by ballot the necessary officers of said District as follows:

A. Moderator

Fred Green nominated Gerald Boothby, seconded by Clement Michaud. Raymond Emond moved that the clerk cast one ballot for Gerald Boothby. Having done so, Gerald Boothby elected.

B. Clerk

Gerald Boothby nominated Elaine Roberge, seconded by Kenneth Shorey. Clement Michaud moved that the clerk cast one ballot for Elaine Roberge, Having done so, Elaine Roberge elected.

C. Treasurer

Roger Lepage nominated Denise Noonan, seconded by Gerald Boothby. Kenneth Shorey moved that the clerk cast one ballot for Denise Noonan. Having done so, Denise Noonan elected.

D. One (1) Commissioner to serve until the annual meeting of the District in March 1989.

Kenneth Shorey nominated Gary Mitchell, seconded by Raymond Emond. Gerald Boothby moved that the clerk cast one ballot for Gary Mitchell. Having done so, Gary Mitchell elected.

2. To hear reports of the present officers.

The commissioners reported that new material had been bought for the water connection from Beccaris Drive to Prospect St. There were no major breakdowns during the year. Water has been testing very well. Their main concern for the year 1986 is to find more water. An exploration to find this water will take place during the year.

3. To see if the District will approve the Budget attached and set up by the Commissioners for the year 1986. (Approved by the Town Budget Committee.)

Roger Lepage moved that the article be accepted as read, seconded by Fred Green. The vote was taken, and all present were in favor.

4. To transact any such business as may legally come before the said meeting.

Kenneth Shorey suggested that a Commissioner from both the Water and Sewer Districts, serve on the Industrial Commission being formed by the Town Selectmen.

Meeting adjourned at 7:50 p.m.

Commissioners of the
Rollinsford Sewer District

**ROLLINSFORD SEWER DISTRICT
P.O. Box 174, Rollinsford, N.H. 03869**

During the last year, several decisions were made that affect most of the people in the Rollinsford Sewer District. Chief among these decisions was the new rate increases that have become effective on January 1, 1987. We have found it necessary to address the problems that exist with our collection system. A letter is being sent to each of our customers outlining the reasons for our decision. The new rate structure that we have adopted is shown below.

USER FEES - A fixed rate charged to all homeowners that are tied into the Rollinsford Sewer District collection system. The fee as charged in the past paid only for the operation and maintenance of the treatment plant and an occasional repair to the collection system. The fee structure is being modified to start addressing the replacement cost of the collection system.

1987 NEW FEE STRUCTURE

\$70 per quarter
or \$280 per year

1986 OLD FEE STRUCTURE

\$35 per quarter
or \$140 per year

CONNECTION OR ENTRY FEE - A one time charge to all new household units that are going to connect to the Sewer District collection system. The fee is also applicable to apartments being added to an existing building. A permit is required. Permits are available from the Rollinsford Sewer District Clerk. All fees that are collected are deposited into the collection system capital improvement fund. All new household connections require an installation inspection.

1987 NEW FEE STRUCTURE

\$1000 per unit

1986 OLD FEE STRUCTURE

\$500 per unit

SEPTIC TANK DISPOSAL FEE - This fee is incurred every time that you pump out your septic tank. A permit is required. The permits can be obtained by calling the Sewer District Clerk at 749-3503. The fee is a charge for processing the septic waste which is stronger than normal influent coming into the treatment plant. As of January 1, 1987, we, the Commissioners, would like to have all the waste generated in Rollinsford brought to the Rollinsford plant. This action would help us to determine how the growth we are experiencing has affected the capacity of the sewer plant. We need about two years to determine the average amount of septic sludge we have to maintain a reservation for.

SEPTIC DISPOSAL FEE: \$35 per thousand gallons for household units

\$10 per thousand gallons for commercial waste (gray water)

We, the Commissioners, would like to publicly thank Jerry Boothby for the time and ideas he contributed to the Sewer District during his tenure as a Sewer Commissioner. We wish him well in his new position. We would welcome input of a constructive nature from the members of the Sewer District.

Clement A. Michaud, Chairman

Fred Green

TRI-AREA VISITING NURSE ASSOCIATION ROLLINSFORD TOWN REPORT

It is a privilege for Tri-Area Visiting Nurse Association to provide health services to the people of Rollinsford. Tri-Area V.N.A. is a nonprofit, fully licensed, Medicare certified home health agency. In the Home Care of the Sick Program, ill persons are provided with hospital type care in their homes. Professional services include nursing, physical therapy, occupational therapy, speech therapy, medical social services, home health aide and homemaker services. Nursing services are available to enrolled patients 24 hours a day, 7 days a week including

holidays.

The Hospice Program offers highly skilled home care to the terminally ill and support to their families. Maternal and Child Health Program provides clinic services and followup home visits to low income families with preschool children.

The Adult Health Program provides a monthly clinic at Rollinsford Town Hall where adults can receive blood pressure screenings, diabetes checks, anemic checks, weight and nutrition counseling.

This has been a busy year for Tri-Area V.N.A. in Rollinsford and in all of the towns we serve. 507 visits were made to Rollinsford people in the Home Care of the Sick Program. 92 visits were made at 12 of the Adult Health Clinics that were held at town hall and several families were enrolled in our Child Health Clinic.

One of Tri-Area V.N.A.'s special community projects this year was coordination of the area Thanksgiving Basket Project. Twenty Rollinsford families received baskets.

Enclosed is a photo of Congressman Robert C. Smith as he visits with Rollinsford resident Ruth Frost with Tri-Area Visiting Nurse Susan Houle. The Congressman spent a January 1987 morning at our agency visiting patients.

STRAFFORD REGIONAL PLANNING COMMISSION TOWN OF ROLLINSFORD

The Strafford Regional Planning Commission provides planning assistance and services to member towns and cities in both Strafford and Rockingham Counties. Staff efforts and expertise are expended in several areas including; transportation planning, environmental analysis, community development and related economic growth and community land use planning.

Technical assistance via contracts is also provided for solid waste and household hazardous waste management, federal grant applications, zoning, master plans, site review, and capital programming. We also provide other special studies via contract.

SRPC is currently developing a land use map for the region to assist comprehensive planning efforts. The Commission is also developing planning guidelines for water resource protection. These guidelines will provide a way for individual communities to adopt water resource master plan components that comply with Chapter 167 RSA's. We are also developing a regional and individualized town and city data base.

In the realm of transportation, SRPC through contracts with the New Hampshire Department of Transportation and the Cooperation Alliance for Seacoast Transportation (COAST) mass transit system has planned for an improved transportation system. SRPC has assisted COAST in analysis of the following: a COAST Market Survey profiling riders, a Survey of the Seacoast Trucking Industry and a Performance evaluation of the UNH Shuttle Bus System.

Research/Data Analysis - 1990 Census Preparation - Prepared a proposal to the U.S. Census Bureau outlining needed changes in census tracts and block groups in the Strafford planning region. SRPC conducted preliminary reserach and an organizational program for the regional data base.

During 1986, SRPC has assisted the Town in a number of ways. Staff is assisting the Planning Board in reviewing a large proposed cluster development adjacent to Rollins Road and the railroad. Staff has also reviewed the Master Plan and other ordinances and has proposed to the Planning Board that during 1987 SRPC assist the Town to update the Master Plan and make appropriate changes to other planning regulations.

ROLLINSFORD SCHOOL DISTRICT WARRANT

SCHOOL ADMINISTRATIVE UNIT NO. 56

To the Residents of the District:

The 1987-88 proposed school district budget shows a higher increase than was shown last year due to tuition to Somersworth Schools, Special Needs tuition and transportation, and SAU expenses. Regular tuition is up (8.30%) due to less students divided into increased costs to run the schools. In spite of this, Somersworth rates are lower than the State Average tuition and other schools in the area. Special Needs tuition and transportation are higher in cost (44.11% and 94.05%) because of more children needing the services and higher rates. This continues to be a substantial increase and the School Board has been unable to find any ways to control it. SAU expenses are up (28.93%) because of the split of Oyster River and Somersworth/Rollinsford. The School Board believes that improved services from SAU 56 will be well worth the added cost.

Grade School instruction and operation accounts continue to show a modest increase (\$2252) with a budget impact of .02%. This is the second year of upgrading the library in a three year plan. General Insurance costs continue to rise. This year showed a decrease in population at the School in spite of more houses.

The second year of the negotiated agreement with our teaching staff shows a dollar increase for salaries and benefits of \$41,659 with a budget impact of 3.87%. This includes the addition of Dental Insurance to the benefits package, single memberships only. It continues to be important that we stay competitive with surrounding districts.

A summary of expenditures from the Capital Improvements Fund is found on the next page. A board priority this year is removal of Asbestos in the School. A separate warrant article addresses this cost. This is a problem in the old building only that increases in cost to remove and hazard to students and teachers yearly.

In summary, we see that out of a total budget increase of \$129,775 (12.07%), \$37,842 (3.52%) is federal/State mandated leaving an increase of \$91,933 or 8.55%. An average of last year's increase and this year's increase gives a 9.48% increase over two years, 6.24% less man-

dated costs. This is a more reasonable increase if looked at over two years. It must also be considered that we now have eliminated the deficit appropriation from last year. The Board wishes to thank the taxpayers for their support.

Jay P. Whitehouse, Chairman
Rollinsford School Board

REPORT OF THE PRINCIPAL

To the Citizens of Rollinsford:

The teachers at the Rollinsford Grade School continue to work extremely hard to provide the best education possible for the children of Rollinsford. We spend a great deal of time teaching language arts, helping students learn to sound out words, to understand what they read, and to express themselves in writing. In math we use "manipulatives" (things to count) to make sure that primary students understand what numbers mean and what we can actually do with them.

During this school year we have begun to have special Enrichment Days during which students can choose from among 10-15 educational activities that are not normally part of our curriculum. Activities so far have ranged from Rollinsford History to nuclear energy to cooking pizza. We are planning to offer more activities and skills to challenge all our students, particularly those with special talents and abilities.

Our school library continues to grow, with the addition of a number of badly needed new books, new shelving, and, thanks to our busy P.T.O., a new carpet. The library is heavily and productively used; I invite you to come to see it when you are in the area.

This school is here to serve Rollinsford, and we welcome your comments and suggestions. Feel free to come to the school at any time to see how clean and well-maintained it is, to watch the teachers and students in action, or to offer your ideas. You are always welcome!

Respectfully submitted,
Douglas M. Griggs, Principal

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Rollinsford School District
Somersworth, New Hampshire

We have examined the general purpose financial statements of the Rollinsford School District and the combining, individual fund and account group financial statements of the School District as of and for the year ended June 30, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Rollinsford School District, at June 30, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining, individual fund and account group financial statements referred to above present fairly the financial position of each of the funds and account groups of the Rollinsford School District, at June 30, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Rollinsford School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective funds and account groups taken as a whole.

AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROLS

To the Members of the School Board
Rollinsford School District
Somersworth, New Hampshire

We have examined the general purpose financial statements of the Rollinsford School District for the year ended June 30, 1986, and have issued our report thereon dated December 8, 1986. As part of our examination, we made a study and evaluation of the internal control systems, including applicable internal administrative controls, used in administering federal financial assistance programs to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards, the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office, the Single Audit Act of 1984, and the provisions of OMB Circular A-128, Audits of State and Local Governments. For the purpose of this report, we have classified the significant internal accounting and administrative controls used in administering federal financial assistance programs in the following categories:

ACCOUNTING CONTROLS

Budgeting Cycle

Payroll Cycle

Expenditure (other than payroll) Cycle

Revenue Cycle

Financial Reporting Cycle

Data Processing Cycle

CONTROLS USED IN ADMINISTERING FEDERAL PROGRAMS

Political Activity

Davis-Bacon Act

Civil Rights

Cash Management

Relocation Assistance and Real Property Acquisition

Federal Financial Reports

The management of the Rollinsford School District is responsible for establishing and maintaining internal control systems used in administering federal financial assistance programs. In

fulfilling that responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of internal control systems used in administering federal financial assistance programs are to provide management with reasonable, but no absolute, assurance that, with respect to federal financial assistance programs, resource use is consistent with laws, regulations, and policies; resources are safeguarded against waste, loss, and misuse; and reliable data are obtained, maintained, and fairly disclosed in reports.

Because of inherent limitations in any system of internal accounting and administrative controls used in administering federal financial assistance programs, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the systems to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study included all of the control categories listed above.

With respect to the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Rollinsford School District, our study and evaluation was limited to a preliminary review of the systems to obtain an understanding of the control environment and the flow of transactions through the accounting system. Our study and evaluation of the internal control systems used solely in administering the nonmajor federal financial assistance programs of the Rollinsford School District did not extend beyond this preliminary review phase.

Our study and evaluation was more limited than would be necessary to express an opinion on the internal control systems used in administering the federal financial assistance programs of the Rollinsford School District. Accordingly, we do not express an opinion on the internal control systems used in administering the federal financial assistance programs of the Rollinsford School District.

Also, our examination, made in accordance with the standards mentioned above, would not necessarily disclose material weaknesses in the internal control systems used solely in administering nonmajor federal financial assistance programs.

However, our study and evaluation and our examination disclosed no condition that we believe to be a material weakness in relation to a federal financial assistance program.

This report is intended solely for the use of management and the applicable federal agencies and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which, upon acceptance by the Rollinsford School District is a matter of public record.

AUDITOR'S REPORT ON COMPLIANCE WITH LAWS AND REGULATIONS RELATED TO NONMAJOR FEDERAL FINANCIAL ASSISTANCE PROGRAMS

To the Members of the School Board
Rollinsford School District
Somersworth, New Hampshire

We have examined the general purpose financial statements of the Rollinsford School District for the year ended June 30, 1986, and have issued our report thereon dated December 8, 1986. Our examination was made in accordance with generally accepted auditing standards; the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office, the Single Audit Act of 1984 and the provisions of OMB Circular A-128,

Audits of State and Local Governments; and code of federal regulations 34 CFR 74:62, Audit Requirements for State and Local Governments and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The management of the Rollinsford School District is responsible for the District's compliance with laws and regulations. In connection with the examination referred to above, we selected and tested transactions and records from nonmajor federal financial assistance programs to determine the District's compliance with federal, state and local laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures; however, with respect to the transactions that were not tested by us, nothing came to our attention to indicate that the Rollinsford School District had violated laws and regulations.

The results of our tests indicate that for the transactions and records tested, the Rollinsford School District complied with the laws and regulations referred to above. Our testing was more limited than would be necessary to express an opinion on whether the Rollinsford School district administered those programs in compliance in all material respects with laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures; however, with respect to the transactions that were not tested by us, nothing came to our attention to indicate that the Rollinsford School District had violated laws and regulations.

AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION SCHEDULE OF FEDERAL FINANCIAL ASSISTANCE

To the Members of the School Board
Rollinsford School District
Somersworth, New Hampshire

We have examined the general purpose financial statements of the Rollinsford School District for the year ended June 30, 1986, and have issued our report thereon dated December 8, 1986. Our examination of such general purpose financial statements was made in accordance with generally accepted auditing standards and the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities, and Functions, issued by the U.S. General Accounting Office and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Police Department

Highway Department

Fire Department

ESTIMATED AMOUNTS

\$9,000.00

\$6,000.00

\$5,000.00

\$20,000.00

Armand Laliberte made a motion, seconded by Richard Bradbury, that the Article be accepted as read. There was no further discussion.

Article X is PASSED.

ARTICLE XI

To see if the Town will authorize the Selectmen to negotiate and lease town lands to the Damart Corporation, for use as parking spaces for employees working at the two Damart mill buildings in Rollinsford,

Robert Smith motions, seconded by Gerald Boothby that the article be accepted as read.

Robert Vaughan questions what Damart intends to do with the Buildings. Selectman Jansen explains that Damart is unsure at this point what their intentions are, but the Selectmen feel that being able to lease parking spaces would help if they (Damart) decide to use the building, as a possible business site. Mr. Vaughan also stated he felt the town should not go for a long term lease, that maybe a 25 year or less would be more appropriate.

Questions as to cleaning up area, and if the town would lose revenue by not selling land, was raised by Lee Bryant. Mr. Jansen stated that town lands are not taxed, so there would be a revenue gain, and that Damart would be responsible for cleaning up the area.

Article XI was put to a vote. Article XI PASSED.

ARTICLE XII

To see if the Town will appropriate \$20,000 to establish a Land Trust Fund. Money from this fund would be used to purchase land, buy land options, or to purchase development rights on land to be used for recreation, open space or other non-developmental purposes.

Motion to accept as read made by Gerald Boothby, seconded by Arthur Osbon. There was no

discussion on this Article.

ARTICLE XII PASSED.

ARTICLE XIII

To see if the Town will authorize the Selectmen to expend up to \$20,000 to purchase land, buy land options, or participate in the State developmental Rights Purchase Program, using monies from the Land Trust Fund. Public hearings would be required before monies from the Land Trust Fund could be spent.

Ovid Viel motioned that Article XIII be adopted as read. Motion was seconded by Armand Laliberte.

Being no further discussion the moderator put the Article to vote.

ARTICLE XIII PASSED.

ARTICLE XIV

To see if the Town will name and refer to the ROW in the MacKenzie subdivision, (Plan 83-272M, prepared by Civil Consultants of South Berwick, Me. dated 8-9-84), as Woodland Drive (BY PETITION)

Lee Bryant moves, seconded by Howard Hammond, that Article XIV be accepted as read.

Mr. Osbon asks for an explanation as to where the road is. Mr. Bryant explains that it is the road always referred to as off General Sullivan Way.

ARTICLE XIV PASSED

ARTICLE XV

To see if the Town will authorize the Selectmen to establish a Hydroelectric Fund to hold a portion of the revenue received from the Town's hydroelectric plant. Fund to be established under authority given by RSA-A-7. (If established, the Town Treasurer shall have custody of the hydroelectric fund, and shall pay out the same upon orders of the Selectmen, after the specified sum to be withdrawn has been authorized by a majority vote at an Annual or Special Town Meeting. Money from this fund may be used for any purpose for which the Town may appropriate money).

Selectman Ed Jansen stated the RSA number as printed is not correct. It should read RSA 362-A:7.

A brief discussion to explain that any withdrawal will be approved at a special or annual Town meeting not by Selectmen alone, followed by a motion by Armand Laliberte, seconded by Robert Larochelle that Article XV be put to a vote.

ARTICLE XV PASSED.

ARTICLE XVI

To see if the Town will appropriate a sum equal to all revenues in excess of \$50,000 that may be received from the hydroelectric plant to be placed in the Town's Hydroelectric Fund. (The first \$50,000 or any lesser amount that may be received will be used as offset against town budget expenditures).

Gerald Boothby motioned, seconded by Arthur Osbon that the Article be accepted as read.

No further discussion.

ARTICLE XVI PASSED.

ARTICLE XVII

To see if the Town will authorize the Selectmen to place all Hydroelectric Plant Revenues in excess of \$65,000 into the Library Fund and Trust. (First \$50,000 or lesser amount that may be received will be used as offset against town budget expenses; next \$15,000 will be placed in the Hydro Reserve Fund to stabilize the annual flow of revenues; balance of revenue will be placed in the Library Fund and Trust.) (BY PETITION)

A discussion followed with some feeling that this would be a good place to help the Library Fund and Trust. Others felt that the excess could be of more help to other "going" things in town that may need updating.

On advice of legal counsel Mr. Jansen motioned to amend the wording of the Article by striking out reserve in the Hydro Reserve Fund to read "Hydroelectric fund" for consistency in dealing with the hydro plant fund. Mr. Vaughan seconded the motion to amend. AMENDMENT CARRIES.

Mr. Vaughan requests that the vote on Article XVII be a division vote by hand. Request granted.

ARTICLE XVII NO - 52 YES - 19

ARTICLE XVIII

To see if the Town will appropriate the sum of \$13,405 to purchase a new police cruiser, radio, and installation for the Police Department.

Motion to accept the article as read was made by Karen Weston seconded by Michael Jacobson.

Chairman of the Budget Committee, Gerald Boothby explained that the last cruiser has been somewhat of a "lemon".

Marc Couture asked which of the two present cruiser would be sold? Ed Jansen said that because a new engine (used) has been put into the so called "lemon", that they would have to evaluate which one to keep. Robert Dodier thought that maybe the town should look elsewhere besides taking the state bid when purchasing the new cruiser. Mr. Jansen stated the town is free to seek other bids, and that nothing has been decided for sure.

ARTICLE XVIII YES - 57 NO - 8

ARTICLE XIX

To see if the Town will authorize the Selectmen to withdraw \$13,405 from the Town Equipment Fund for payment of the new cruiser, radio and installation.

Mr. Boothby motioned to accept Article as read, seconded by Mr. Laliberte. No further discussion, motion put to vote.

ARTICLE XIX PASSED.

ARTICLE XX

To see if the Town will appropriate the sum of \$1,150 to purchase a new 1,000 gallon gas tank and pump for the Police Department.

It was explained that the tank would be placed at the town shed, and would be under the supervision of the Police Chief.

Gerald Boothby motioned, seconded by Richard Bradbury that the Article be accepted.

ARTICLE XX PASSED.

ARTICLE XXI

To see if the Town will authorize the Selectmen to withdraw \$1,150 from the Town Equipment Fund for payment of the 1,000 gallon gas tank and pump.

Motion made by Mr. Boothby, seconded by Richard Wasson to accept Article as read.

No discussion on Article XXI.

ARTICLE XXI PASSED.

ARTICLE XXII

To see if the Town will appropriate the sum of \$5,200 to purchase a new fire truck tank and pump.

Mr. Boothby, seconded by Ovid Viel motions to accept Article as read.

Mr. Boothby clarifies that it is to replace existing tank, which is old and rusting.

Discussion was held on the fact that the truck is 35 years old and that maybe it was time to think about replacing it. It was felt by some that the truck is in good shape and is an excellent truck for getting into the woods.

ARTICLE XXII PASSED.

ARTICLE XXIII

To see if the Town will authorize the Selectmen to withdraw \$5,200 from the Town Equipment Fund for payment of the Fire truck tank and pump.

Gerald Boothby motions, seconded by Mr. Bradbury to accept as read. No further discussion.

ARTICLE XXIII PASSED.

ARTICLE XXIV

To see if the Town will appropriate the sum of \$2,000 for renovations to the second floor of the Rollinsford Town Hall. (Renovation to include updating old electrical wiring and new insulation and wallboard to create new meeting and storage space). This money will be matched with a \$3,400 contribution from the Civic Pride Fund.

Richard Wasson motions, seconded by Michael Jacobson to accept Article as read.

No discussion on Article XXIV.

ARTICLE XXIV PASSED.

ARTICLE XXV

To see if the Town will vote to accept the budget as submitted by the Budget Committee.

Motion made by Michael Brown, seconded by Lee Bryant to accept Article as read.

Selectman Jansen stated that tonight's voting has added \$22,000 to the total budget, making a new total of \$545,803.70.

There was discussion as to when the dumping of the ashes will stop at the dump by the Lamprey Co-op. Mr. Jansen said he has spoken to them and as soon as a new site is found they will stop. The town agreed to take them for six months.

ARTICLE XXV PASSED.

ARTICLE XXVI

To see if the Town will authorize the Selectmen to borrow in anticipation of taxes.

Motion made by Ovid Viel, seconded by Mr. Wasson to accept as read.

Treasurer, Gerald Boothby said that since the bi-annual tax billing he hasn't had to borrow in anticipation of taxes.

ARTICLE XXVI PASSED.

ARTICLE XXVII

To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's Deeds.

Motion made by Richard Bradbury, seconded by Joseph Croteau to accept article as read.

No discussion on Article XXVII.

ARTICLE XXVII PASSED.

ARTICLE XXVIII

To see if the Town will authorize the Selectmen to make application for and to receive and spend Federal or State Planning Funds, or other funds that may become available to the Town in accordance with RSA 31:95-B.

Motion made by Gerald Boothby, seconded by Armand Laliberte to accept article as read.

No discussion on article.

ARTICLE XXVIII PASSED.

ARTICLE XXIX

To see if the Town will authorize the Rollinsford Planning Board to prepare a capital improvements program as authorized under RSA 674:5.

Motion made by Gerald Boothby, seconded by Joseph Croteau to accept as read.

Mr. Laliberte, Chairman of the Rollinsford Planning Board, explained that if the town wants to control growth, it must have a capital improvement program.

No further discussion.

ARTICLE XXIX PASSED.

ARTICLE XXX

To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of Rollinsford and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's (DOE) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan. (By REQUEST OF N.H. RADIOACTIVE WASTE INFORMATION NETWORK AND BY PETITION.)

Mr. Boothby, seconded by Mr. Larochelle to accept as read.

Because the petitioners were not present to explain and answer questions on Article XXX, Mr. Bryant, seconded by Mr. Wasson made motion to amend Article XXX to table until next year.

AMENDMENT TO TABLE PASSED.

No discussion on article as amended.

ARTICLE XXX AS AMENDED PASSED.

ARTICLE XXXI

To transact any other business that may legally come before this meeting.

Because of the growth in town it was purposed that the position of a building inspector and an enforceable building code be looked into.

Meeting adjourned at 10:50 p.m.

Given under our hands and seal this 18th day of March, 1986.

MINUTES OF SPECIAL TOWN MEETING JULY 15, 1986 ROLLINSFORD, NH

STATE OF NEW HAMPSHIRE, STRAFFORD, SS:

The meeting was brought to order at 7:04 by assistant Moderator, Albert Labrecque, who discussed the rules of the meeting before proceeding with the reading of the Articles.

ARTICLE I

To see if the Town will appropriate the sum of \$190,000.00 to purchase 14.5 acres of land located at Foundry Street in Rollinsford, which is shown on Tax Map 15 as Lot 37.

Marion Aikman, seconded by Armand Laliberte, moves to accept Article I as read.

A question of how many of the acres are not wetland, and if they can be serviced by water and sewer.

Selectman Jansen using a map of the land discussed a few of the reasons for buying the land.

(1) The existing Master Plan shows this area as a conservation and recreation site. (2) The Legion may be interested in buying a piece of the land. (3) If Damart is to utilize the Mill Buildings in the future they will need additional parking spaces.

There was discussion that the price is too high, the fact that there is no guarantee that Damart will develop the Mill Buildings, and that the town shouldn't be in the real estate business.

Planning Board Chairman Laliberte stated that the purchase of the land, and selling a piece for parking maybe a solution to the development of the Mill Buildings, if not by Damart maybe by others.

The moderator holds the vote on Article I and goes to Article II, because they are both on the same ballot.

ARTICLE II

To see if the town will appropriate the sum of \$5,000.00 to pay for closing costs, and survey of land on Foundry Street as shown on Tax Map 15 as Lot 37.

A motion was made by Dennis Chabot, seconded by Clem Michaud to accept Article II as read.

No discussion on Article II.

Article I and Article II put to vote by secret ballot.

The Moderator appointed Lillian Dodier, Dennis Chabot, Sandy Jansen, and June Barry as counters.

Eighty-two (82) votes were cast on Article I.

ARTICLE I 52 - YES 30 - NO

Article I carries.

Eighty-one (81) votes were cast on Article II.

ARTICLE II 50 - YES 31 - NO

Article II carries.

ARTICLE III

To see if the Town will authorize the Selectmen to borrow \$195,000.00 to purchase the 14.5 acres of land on Foundry Street, shown on Tax Map 15 Lot 37, and to pay for closing costs and future land survey.

Clem Michaud motions, seconded by Robert Smith to accept Article III as read.

The moderator explained that a 2/3 vote is needed to pass this Article.

Selectman Jansen explained that he proposed to borrow \$100,000 for 10 years at 7%, \$55,000 for 2 years at 6%, and \$40,000 for one year at 6%. If this Article is passed there will be no tax increase from this purchase this year.

Article III is put to vote.

Seventy-four (74) votes were cast on Article III.

ARTICLE III 63 - YES 1 - NO.

Article III carries.

ARTICLE IV

To see if the Town will agree to sell approximately 29,900 square feet of land to the Damart Corporation; the parcel is located adjacent to land currently owned by Damart along the Salmon Falls River and next to the Rollinsford Sewer Plant and is described as the northern part of a lot shown on Tax Map 15 as Lot 30. (The land will be utilized for employee parking space at the Damart Lower Mill Building).

Motion made by Robert Smith, seconded by Ovid Viel, to accept Article IV as read.

Mr. Larochelle asked if land has been appraised. Mr. Jansen stated that the land has been appraised by the town appraisers for tax purposes. Many felt that if the land is sold there should

be deed restrictions preventing any buildings from being build on the land, that it be for parking only. The restrictions would also prevent parking garages from being build. Marion Aikman suggested that if part becomes a parking lot and if the Mill should ever be sold that the parking lot be sold with the Mill.

Selectman Jansen also stated that the present right-of-way on the property will be retained by the Town.

Sewer Chairman Clement Michaud said that the parcel being purposed for a parking area by Damart is of no use as a future expansion area by the Sewer District, therefore he has no opposition agianst the selling of the parcel.

Article IV put to a vote.

Sixty-one (61) votes were cast on Article IV.

ARTICLE IV 60 - YES 1 - NO

Article IV carries.

ARTICLE V

To transact any other business that may legally come before this meeting.

No further discussions.

Motion to adjourn made by Clem Michaud, seconded by Ovid Viel.

Special Town Meeting, July 15, 1986 adjourned at 9:00 p.m.

MINUTES OF SPECIAL TOWN MEETING SATURDAY, SEPTEMBER 13, 1986

Meeting called to order at 9:05 a.m. followed by the reading of the warrant by the moderator, Joe Caouette. The moderator explained that the Selectmen were authorized at the July 15, Special Town Meeting to purchase the land, but because the bond issue is over \$100,000 and a bond hearing was not posted before the last meeting, today's meeting is necessary. He also explained that because of the amount a two-thirds (2/3) favorable vote is needed, and that when he declares the polls open they will remain open for one (1) hour. Voting will be by secret ballot.

Move to accept Article was made by Doris Gibbas, seconded by Robert Toussaint.

Gregory Whalen questioned the matter of two-thirds vote. He said a two-thirds vote was needed if those present made up a majority of the more than 1200 registered voters in town. Moderator Caouette said that there never have been fifty per cent of the voters at a town meeting. "If that were the case we would never be able to appropriate money for anything," stated Caouette. Two-thirds of those present has always been the way at town meetings, said Caouette.

Selectman Ed Jansen said that the town received permission from the Superior Court, through legal counsel, for the last special town meeting and again for today's meeting.

Mr. Whalen also asked if a hazardous waste study had been done, if so much land is to be assigned for recreation, water department or for sale to mill properties.

Mr. Robert Smith stated that all the questions Mr. Whalen was asking were answered at the last Special Town Meeting. Mr. Smith said that at the last meeting it was the will of the town to purchase the land, and that today's meeting was a question of financing due to a technicality at the last meeting.

Motion to close Article I made by Mr. Smith, seconded by Robert Wasson.

Motion in the affirmative.

The moderator declares the polls open at 9:40, again stating that the polls will remain open for one hour, closing at 10:42 a.m.

Moderator Caouette opened the meeting again at 10:47 proceeding to read the results of the vote on Article I.

Fifty-seven (57) total ballots cast.

YES - 49 NO - 8

Gregory Whalen motions, seconded by Vickie Whalen to reconsider the vote.

Marion Aikman questions exactly what reconsider the vote means. The moderator explained that someone who has voted on a prior motion has the right to reconsider the vote. If the motion to reconsider carries no sooner than seven days the article must be reposted and debated.

Mr. Whalen asked the status of the purchase and sales agreement. Mr. Jansen said that the seller has given an extension to September 15, and the Selectmen plan to borrow the money from a local bank and pay back the loan through either a long-term interest agreement or by going through the Bond Bank next spring. How much long term will be decided at the town meeting in March.

Peter Turcotte, one of the sellers present at the meeting said there was no problem giving the town another extension.

Being no further discussion the motion to reconsider was put to a vote.

NO - 11 YES - 2

The Moderator moves to Article II.

William Fleming quoted Section 6.2 of the Use Regulations in regard to the Table of Use Regulations of the Rollinsford Zoning Ordinance. This states that a use denoted by the letter "X" is permitted and that a use with the letters "XA" may be permitted as a special exception only if the ZBA grants a special permit. Where a use is listed but neither "X" nor "XA" that use is excluded. Mr. Fleming wanted to go on record as saying that private airports are not allowed. He hopes that should a request ever come before the Selectmen or ZBA that they be aware of this wording, and if the wording is not clear in regards to private airports or air-strips it should be changed in the Zoning Ordinance book so there is no misunderstandings.

Meeting adjourned at 11:10 a.m.

Given under our hand and seal this sixteenth day of September, nineteen hundred and eighty-six.
